

In North Carolina, it is illegal to license your vehicle for road use without first obtaining car insurance. This puts almost every adult in the position of having to purchase an auto insurance policy. Too few people take the proper care to understand the contract that they are entering with their insurance company. Purchasing insurance just because it is required or chasing the lowest advertised price is the kind of behavior that gets people into big trouble later.

Our agents are here to take as much time as you need to understand exactly what you need now and what you may need later to make sure that you buy the right policy with the right coverage. You don't want to find out after an accident that you shortchanged yourself to save a few bucks or because your agent rushed you through the process. We know that buying insurance is not the most entertaining way to spend your time but I think you will find that working with our award winning customer service staff will help you get what you want at a price that will please you. Give us a call today and let's get started saving you money and protecting what is important to you.
