

We would always prefer that you contact us first with all of your claims questions before filing your claim with the insurance company claims department. This will allow us to help advise you and be involved in helping you through the claims filing process from the beginning. However, we understand that claims don't just happen weekdays between 8:30 and 5:00 so for that reason you can find below a list of the insurance companies we represent who have a 24 hour claims reporting hotline number. If you know your insurance company name, then you can call any of the numbers below and file your claim directly with them.

Allied Insurance ☐ ☐ ☐ Personal Insurance Claims - **800-282-1446**
